----- RxDB Open Core RxStorage -----  
-----  
You are using the free Dexie.js based RxStorage  
implementation from RxDB https://rxdb.info/rx-storage-dexie.html?console=dexie  
While this is a great option, we want to let you know  
that there are faster storage solutions available in  
our premium plugins.  
For professional users and production environments,  
we highly recommend considering these premium options  
to enhance performance and reliability.  
  https://rxdb.info/premium/?console=dexie  
If you already purchased premium access you can  
disable this log by calling the setPremiumFlag()  
function from rxdb-premium/plugins/shared.
